How ***Caring Conservationists*** can be used as a teaching resource for children 6-11 years.

On each double page, there's a short **story** about the conservationist and their work, **facts** about the endangered animal they are helping and an **activity.** The ideas below are just some of the lesson ideas available from the 20 conservation stories and matching activities.

Morning Discussion
What endangered animals live near you?
See UK list on 'fun resources'
See *Les: Caring for Wildlife* p22/23

Science Activity
Who lives in a Tree?
Find the activity worksheet on 'fun resources'.
See *Voahirana: Learning about Lemurs* & deforestation pages 32/33

Art Activity
Design a badge.
The Panda has become the emblem for conservation. What animal should be your school's emblem?
See *Lü Zhi: Guarding Giant* Panda's pages 38/39

Science Activity
Which animals visit your playground?
Be a field researcher OR animal tracker for the day.
See *Jeneria: Lion Protector* pages 16/17
Deni: Dragon Defender pages 10/11

Art Activity
Build a Reef
Look at different corals and the creatures that live on a reef.
See *Ruth Gates, Reef Rescuer* pages 8/9
Paint, collage, model, diorama.

Literacy Activity
Choose an animal you are afraid of.
What are their natural superpowers?
Write a story making the animal the hero.
See *Olivia & Carter: Rattlesnakes Rescue* pages 18/19 or
Mario: Rewilding Italy's Bears pages 28/29
Valerie: Sharks Expert pages 30/31

Fund Raising & Entrepreneurial Skills
Change up Bakes Sales with a Honey Lemonade Stand
See *Mikaila: Believe in the Bees* pages 6/7
Find the recipe on 'fun resources'

See www.kateperidot.com/fun-teaching-resources to find the supporting resources listed in the bubbles. Also, there are website links to conservationist charities so older students can undertake their own research for an individual or group project. For teachers, there's a list of world day dates, including Earth Day, and Environment Day, and links to the organisers.
